

**Spring is here....**

The paddocks have started to become again the food bowl for cattle and sheep and well maintained electric fences are important to keep your animals where you want them to be. To have, at all times, adequate power on your fences you have to make sure that all your insulators are in good condition. "Leaking" insulators may drain power from your fence and may make it ineffective. At the same time your energiser should be in a position to provide enough power for what is required for the fences on your farm

- **Mains Powered Energisers**

Over the last 12 months we added two new energisers to our range. This consists now of five units ranging from 1.5 to 12 Output Joules. None of them is price-wise even nearly matched by our competitors. Performance-wise the "Red Trout" energisers are at least as good as those of our competitors and in times of financial constraints such savings are welcome. All of them are made in Australia

Here is what we offer:

**LIM20 1.5 Output Joules**  
15 – 20 km of fence \$ 253.50

**LIM30 2.5 Output Joules**  
25 – 30 km of fence \$ 294.40

**LIM50 4.5 Output Joules**  
45 – 50 km of fence \$ 389.40

**LIM80 8 Output Joules**  
80 km of fence \$ 663.00

**LIM120 12 Output Joules**  
120 km of fence \$ 761.00

All units contain the latest electronics and come with a two-year warranty! The LIM30 and LIM50 are also available as battery powered units and can be equipped with respective solar kits which are available from us at very economical prices.

- **Insulators**

We have quite a number of different insulators in our range. However, there are two Wood Post Insulators that are of particular interest for two reasons: they are unique and they are very economical.

**Wood Post Insulator YRS25N**  
Distance wire to post: 5 cm

Bag of 25: \$ 9.40  
Box of 300: \$ 86.80

**Used as a Concrete Post insulator**

**Wood Post Extender YWPX25N**  
Distance wire to post: 12.5 cm

Bag of 25: \$ 28.10  
Box of 300: \$ 110.40

**Used as Upright Insulator**

For further enquiries and questions please do not hesitate to contact us by phone, fax or e-mail.

The **Red Snap'r Team** wishes you a prosperous and successful spring season
